

JOB OFFER

APPLICATION ENGINEER (F/M/D)

FULL TIME / PROFESSIONAL EXPERIENCE

Are you passionate about control programming and the development of machine-related applications? Are you looking for an environment in which you can develop future-oriented and innovative products? Then join our team now!

YOUR TASKS

- › Development and support of customer-specific control programs (PLC) as well as user-oriented HMI solutions for our charging infrastructure
- › Development of IoT & Edge Devices
- › Design of individual software concepts based on customer requirements
- › Independent handling of customer projects
- › Central contact person for technical questions as well as support of the sales team

YOUR PROFILE

- › Completed technical education (HTL/FH/Uni) with focus on software engineering, computer science, electrical engineering, automation technology or similar
- › Ideally relevant professional experience
- › Know-how in the design, programming and commissioning of machine-related applications
- › Very good German and English skills
- › You recognize and solve problems quickly, are target-oriented and like to take responsibility
- › Team spirit, hands-on mentality as well as high customer orientation complete your profile

WE OFFER

- › Extensive onboarding including buddy program and meet & greet with the managing directors
- › Agile, modern and dynamic working environment with a "you" culture and scope for developing own ideas
- › Flexible working hours and home office days by arrangement
- › Congestion-free travel and parking with free charging for e-cars
- › Coffee bar and canteen as well as a sunny (roof) terrace
- › Health@Kreisel: company doctor, fitness area, sports pool and much more

Interested? Then we look forward to receiving your application! The minimum salary for this position is € 45,000.00 per year. How much you actually earn will be agreed with you individually and depends on your skills and experience.
