

**JOB OFFER****JUNIOR INDUSTRIAL ENGINEER (F/M/D)**

FULL TIME / YOUNG PROFESSIONAL

**You have successfully completed a technical education and you finally want to put your theoretical knowledge into practice? If you are interested in manufacturing processes, enjoy documentation and would like to develop yourself on-the-job, then we are happy to welcome you in our team.**

**YOUR TASKS**

- › Creation and maintenance of manufacturing documents and instructions
- › Support in the improvement of manufacturing processes with regard to workplace design
- › Participation in the conception and construction of jigs and manufacturing equipment
- › Support in the further development of our work processes
- › Cooperation with various departments, e.g. production, quality management

**YOUR PROFILE**

- › Completed technical education in mechatronics, mechanical engineering, electrical engineering or similar
- › First experience in the field of industrial engineering or similar is an advantage but not a must
- › Professional handling of MS Office and first experience with a CAD program
- › Basic knowledge of English
- › You are a motivated and communicative teamplayer with a great willingness to learn
- › Your way of working is structured and independent and you own a high solution orientation

**WE OFFER**

- › Extensive onboarding including buddy program and meet & greet with the managing directors
- › Agile, modern and dynamic working environment with a "you" culture and scope for developing own ideas
- › Flexible working hours and home office days by arrangement
- › Congestion-free travel and parking with free charging for e-cars
- › Coffee bar and canteen as well as a sunny (roof) terrace
- › Health@Kreisel: company doctor, fitness area, sports pool and much more

Interested? Then we look forward to receiving your application! The minimum salary for this position is € 30.800,00 per year. How much you actually earn will be agreed with you individually and depends on your skills and experience.
