

**JOB OFFER****PROCESS DEVELOPER (F/M/D)****FULL TIME / PROFESSIONAL EXPERIENCE**

Are you fascinated by analysis and do you want to optimize and create manufacturing processes in a solution-oriented way? In the exciting and varied position as process developer (f/m/d) at our company, you will be responsible for designing all the processes required for manufacturing in a sustainable and efficient manner.

**YOUR TASKS**

- › Development and description of new manufacturing processes, optimization of existing processes and creation of process flow charts
- › Participation in the design of manufacturing equipment, scheduling of internal and external inspections / tests
- › Creation of process monitoring concepts, risk analyses (FMEA) and test plans
- › Methodical process analysis and documentation as well as qualification and release of processes
- › Technical acceptance of equipment and processes (internal & external)

**YOUR PROFILE**

- › Completed technical education, extensive know-how in the areas of mechatronics and process planning is desired
- › Six Sigma training and knowledge in project management are an advantage
- › You have high analytical and conceptual skills and are familiar with statistical quality assurance methods (quality engineering Q2 is an advantage but not a must)
- › A detailed technical understanding of production processes and their workflows as well as conversational English skills complete your profile
- › Furthermore, your personal strengths include solution orientation, self-organization and the ability to work in a team

**WE OFFER**

- › Extensive onboarding including buddy program and meet & greet with the managing directors
- › Agile, modern and dynamic working environment with a "you" culture and scope for developing own ideas
- › Flexible working hours and home office days by arrangement
- › Congestion-free travel and parking with free charging for e-cars
- › Coffee bar and canteen as well as a sunny (roof) terrace
- › Health@Kreisel: company doctor, fitness area, sports pool and much more

Interested? Then we look forward to receiving your application! The minimum salary for this position is € 42,000.00 per year. How much you actually earn will be agreed with you individually and depends on your skills and experience.
