

JOB OFFER

MECHANICAL DESIGN ENGINEER (F/M/D)

FULL TIME / YOUNG PROFESSIONALS

You are about to graduate (or already have your degree in your pocket) and find everything to do with mechanical engineering and mechatronics exciting? You want a job with future prospects and are interested in e-mobility? Then we look forward to getting to know you!

YOUR TASKS

- › Assumption of independent tasks in different projects after comprehensive training phase
- › (Further) development of new and existing products, mechanical components and systems
- › Support of diverse projects from the first idea to the start of production
- › Close cooperation with various departments such as pre-development, production, sales, QM etc.
- › Regular coordination with customers and suppliers

YOUR PROFILE

- › Completed technical education (apprenticeship, HTL, FH, university) with focus on mechanical engineering or mechatronics
- › Both career starters (f/m/d) and experienced specialists (f/m/d) are welcome!
- › Very good knowledge of German and English, ideally (first) experience with a CAD program
- › Your passion for technology and your motivation to learn new things are what make you stand out from the crowd
- › You are a team player, reliability is one of your strengths and you like to drive things forward actively

WE OFFER

- › Extensive onboarding including buddy program and meet & greet with the managing directors
- › Agile, modern and dynamic working environment with a "you" culture and scope for developing own ideas
- › Flexible working hours and home office days by arrangement
- › Congestion-free travel and parking with free charging for e-cars
- › Coffee bar and canteen as well as a sunny (roof) terrace
- › Health@Kreisel: company doctor, fitness area, sports pool and much more

Interested? Then we look forward to receiving your application! The minimum salary for this position is € 42,000.00 per year. How much you actually earn will be agreed with you individually and depends on your skills and experience.
