

JOB OFFER

VALIDATION ENGINEER (F/M/D)

FULL TIME / YOUNG PROFESSIONALS

Are you as fascinated by the topic of e-mobility as we are? Have you always wondered how a HV battery works? Do you long for a working environment that is characterized by team spirit, research drive and a thirst for knowledge? Then you are the right person for our Pre-Development & Testing team.

YOUR TASKS

- › Test design in coordination with development and under consideration of current standards
- › Creation of validation plans
- › Execution of development and validation tests
- › Creation and review of test reports
- › Organization of tests in external test institutes
- › Definition of validation requirements for our suppliers together with the development department

YOUR PROFILE

- › Completed technical education (HTL / FH / Uni) with focus on mechanical engineering, mechatronics, technical physics, technical chemistry or similar
- › Good technical understanding, especially in the areas of mechanics, electrics, power engineering
- › Ideally first experience with HV batteries
- › You are characterized by a high level of personal responsibility and self-organization
- › You are motivated, have team spirit and hands-on mentality

WE OFFER

- › Extensive onboarding including buddy program and meet & greet with the managing directors
- › Agile, modern and dynamic working environment with a "you" culture and room for own ideas
- › Flexible working hours and home office days by arrangement
- › Congestion-free travel and parking with free charging for e-cars
- › Coffee bar and canteen as well as a sunny (roof) terrace
- › Health@Kreisel: company doctor, fitness area, sports pool and much more

Interested? Then we look forward to receiving your application! The minimum salary for this position is € 45,000.00 per year. How much you actually earn will be agreed with you individually and depends on your skills and experience.
